B. Public Portion of Meeting  
Chairman Morrissey asked three times if anyone would like to address the board this evening. There were no speakers. Public session closed at 5:02 PM.

REPORTS  
Superintendent Cavallaro thanked all the principals and Jolene Barnes who is here tonight. As of now we are full with one exception our Math Department Chair left us at West Haven High School and we are trying to find someone for that position. Other than this that all positions have been filled. We will spend the next few days trying to find someone and if we don’t find someone we have backup plans we are working on as far as extra coverage or additional classes. We are down one position which is pretty good. The schools and buildings are in good shape. We have talked with Chris Everone and Mike McGrath and all projects have proceeded very well this summer and we are in good
shape. The Carrigan roof is almost done. Some work needs to be done which won’t be in
the main part of the building and once school starts we don’t expect any interruptions and
we anticipate it being completed in a couple of weeks. Things are looking good at
Carrigan and the staff is excited because that building was in need of some attention.
There is a groundbreaking ceremony tomorrow at West Haven High School to officially
kick off the construction project at 1:00 PM in the front of the building. Kids now have
access to the building. There will be a public information session for all residents of West
Haven that will be run by the people in charge of the project on September 21st. While we
are all excited about the new project we need to reassure parents and the kids who are
there that the quality of their education isn’t going to suffer just because construction is
going on. Pam Gardner and Dana have made all kinds of plans and backup plans so that
we are in really good shape.

C.1.a. Administration/Status of Schools

Superintendent Cavallaro said all board members have been invited to the New Teacher
Orientation tomorrow and we have over 20 new staff members this year and this brings in
a lot of new energy to the school district. Even if you can just make it for a few minutes
it is nice to support the new staff. Our full day professional development is Thursday
followed by a building orientation for all staff which is a half day on Friday and the first
day of school is a week from today. We are ready to go and will do the best to make the
kids feel welcome. Our administration and all of our staff worked extremely hard this
summer with the construction project and the number of jobs we had to fill; it has been a
really busy summer and we are anticipating a great school year.

Chairman Morrissey stated he received a letter from the Fire Chief at the West Shore
Fire Department about some minor things at Bailey and Seth Haley. Neil said he
received the same copy today and has already spoken with Chris and Mike who are aware
of the issues and have forwarded them a copy of the letter today and they will address
them so that by the time school opens we will be in good shape. The only Fire
Department that sends this is West Shore and Chief Scafariello feels he is obligated to
notify the Superintendent and the Board Chair. There is nothing in there that is earth
shattering but we are working on this.

C.1.b. Student Representatives’ Report

David O’Brien said today was Freshman Orientation at WHHS. The administrators
covered a variety of topics such as dress code, attendance points and school safety the
Peer Advocates led a tour of the school so students could find their classrooms, lockers
and sign up for activities in the school. Next Monday is the first day of school. The
board gave thanks.

C.1.c. Board

Rosa Richardson said she is looking forward to another school year.
Patrick Leigh asked Matt how we finished off the year. We finished off the year very
well. We are still waiting for some revenue to come in and when we receive it I will get
you the final numbers but we were right on target with what we said all along. No
deficits? No. Is the surplus where you thought it was going to be? Correct. Perfect.
Chairman Morrissey is looking forward to another good school year. The summer went
by very quickly and at the June meeting I was saying how the school year went by so
quick and now it is the end of August and we will be starting another school year. I want
to congratulate Patrick Leigh on the birth of his son. (Applause ensued). Superintendent
Cavallaro said and his new job; a lot of changes.

   Effective: August 8, 2017
   Reason:    Personal
Chairman Morriessy asked for a motion to approve items 17-64 through 17-69 inclusive
Mark Palmieri made the motion
Rosa Richardson seconded the motion
Discussion: Superintendent Cavallaro said with the exception of 17-68 the Math Chair all of the jobs are filled. Patrick Leigh asked with the Department Head position what is the contingency until that position is filled. We have appointed a new department head so that is taken care of. We have five classes that need to be filled. We have a couple of leads to fill the position. Our backup plan is to not offer as many periods in our enrichment lab and other coverage. We are trying to keep the labs in place because kids need the help and the enrichment but we may have to lose a period or two to cover the classes but we are looking for someone.
