Parents/Guardians/Athletes and Coaches:

The most recent CIAC communication has confirmed that fall sports can begin on Saturday, August 29th. For participation, each student must have the below signed forms:

- Updated physical form
- Permission form
- Concussion consent form
- Cardiac arrest form

All forms can be found on the West Haven high school website under athletics.

The following guidelines are based on the most recent CIAC and Department of Public Health recommendations and guidelines. This list contains the necessary protocols we must follow for safe continuation of our sports programming.

- Coaches and Athletes must wear masks to and from practices and conditioning
- All sports will be organized in cohorts of 10 or less
- Athletes and Coaches will maintain at least 6 feet distancing during practices and all communication to athletes
- Coaches and Athletic Trainer will perform Daily Health Screening
- No spectators will be allowed at practices and conditioning at this time
- Athletes must have their own name labeled water bottle

Please have parents arrive for pick up's promptly, as we want to avoid any congregation.

For information regarding tryout or details provided above, please contact the AD at joseph.morrell@whschools.org
